BHAVYASREE METTUPALLI

Python Developer | Backend Systems | RESTful APIs | Performance Optimization

bhavyabalaram.mettupalli@gmail.com • LinkedIn • GitHub +91 9491207140

Summary

Python Developer with over 2 years of experience specializing in backend systems development. Strong expertise in Python frameworks such as Django and Flask, with a focus on building scalable, secure, and high-performance applications. Experienced in RESTful API development, database optimization, and delivering maintainable solutions aligned with real-world business needs.

Key Achievements

API Optimization Success Reduced API response times by ~30% through database and query optimization.	Team Leadership in AECearth Led and coordinated a team of 5 developers on the AECearth platform.	RESTful API Development Designed and delivered 20+ RESTful APIs for enterprise-scale applications.

Experience

Merry's Infotech New-Gen Educare — Bangalore

Jr. Python Developer **11/2023 – Present**

A company focused on innovative educational and enterprise software solutions.

Backend & API Development (Python | Django | Flask)

- Delivered 20+ RESTful APIs for real-world business modules including attendance tracking, productivity analytics, BOQ management, and document workflows.
- Built secure, role-based systems supporting clients, vendors, contractors, consultants, and skilled/unskilled labor.
- Optimized MySQL database queries and indexing, improving API performance by approximately 30%.
- Implemented authentication, authorization (RBAC), and secure document upload pipelines.
- Collaborated closely with frontend teams to deliver complete end-to-end features.

Projects

AECearth – Construction Project Management Platform

- Developed backend services for multi-role dashboards covering clients, consultants, contractors, vendors, and labor teams.
- Implemented BOQ management, document approval workflows, issue tracking, and reporting modules.
- Ensured secure access control, data integrity, and scalable API architecture.

SwiftBIM – BIM Consultancy & Project Execution Platform

- Built and maintained APIs supporting enquiry-to-execution workflows.
- Contributed to technical feasibility reports, proposal workflows, and vendor coordination modules.
- Worked on performance optimization and backend stability improvements.

Education

R.C Reddy Degree College Bachelor of Science (B.Sc) in Computer Science	Kurnool 07/2019 – 08/2022

Strengths

Problem Solving Strong analytical thinking and debugging skills	Code Quality Clean, maintainable, and scalable backend code	Project Management Effective collaboration and ownership of backend modules

Certifications

Python Full Stack Development (JSpiders) — Certificate

HTML Certification (SkillUp) — Certificate

CSS Certification (SkillUp) — Certificate

JavaScript Certification (SkillUp) — Certificate
